The old website performed some functions that the new website does not - such as event planning and booking forms for the yard and other activities. The decision was made to keep the new website a bit simpler by handling those functions separately. Since this is being managed by volunteers and a small budget - we have first created the new 'public' website and will then begin work on all the inter active stuff.

But in the mean time, the old website is still available and running - so go to the members portal [<https://members.greenwichyachtclub.co.uk/> <https://members.greenwichyachtclub.co.uk/>] to do the following:

*** Booking yard space**

*** Getting on the mooring waiting list**

*** See the events calendar**

We are still working on updating our Web / IT infrastructure and since we are volunteers it might take a bit of time. If you have a question or suggestion please email: [\[mailto:it@greenwichyachtclub.co.uk\]](mailto:mailto:it@greenwichyachtclub.co.uk)

As you will likely be aware, the club experienced a catastrophic failure of the members portal website. We are in the process of building a new members portal, but will provide some temporary solutions for things that were there. Watch this space... and we will announce on the TNA.

There is however a new Events Calender which you can see under the members corner menu on the left.
